

LANDMARK
DORAL

Discover Doral's newest "Cosmo-Chic" community, which will offer contemporary condo's and two and three story townhomes, many featuring unique rooftop terraces. Landmark will offer ultra stylish, luxury interior appointments and open floorplan designs to compliment today's contemporary lifestyles. An expansive community clubhouse with fitness and resort-style pool will be part of this vogue setting! Landmark is located in the heart of Doral where residents will enjoy the benefits of on-site amenities, nearby schools, shopping, dining and famed Trump International Resort and Spa.

Home Automation - Now in Your Control.

Control Your Home From a Computer, Smartphone or iPad!

Entry Deadbolt or Set Lock

This feature allows you to remotely unlock the door, and can send you a text message alerting you every time someone enters or leaves the home. This is especially convenient in case a child or family member misplaces or forgets their key.

Wired or Wireless Cameras

This feature allows you to activate and view security cameras positioned at strategic locations throughout your home. If you're away on business or vacation, this feature gives you the peace of mind knowing that you can keep an eye on your home 24 hours a day.

Z-Wave Thermostat

This is one of the most practical features in your Home Automation system. You can automatically raise the temperature when you're away and then, just before your return, lower it so your home is comfortable the moment you walk in. This saves energy consumption that, in turn, saves you money.

Lamp Module and Z-Wave Light Switches

With a Lennar Everything's Included Home, you can schedule the lights to automatically turn on in the evening and off in the morning, to give the appearance that someone is home and deter intruders. Enjoy peace of mind and energy efficiency at the same time.
