Stated dimensions are measured to the exterior boundaries of the exterior walls and the centerline of interior demising walls and in fact vary from the dimensions that would be determined by using the description and definition of the "Unit" set forth in the Declaration (which generally only includes the interior discrepance between the perimeter walls and excludes interior structural components.) For your reference, the area of the Unit, determined in occordance with those defined unit boundaries, is + or - 1,331 sq. ft./123.65 m². Note that measurements of rooms set forth on this floor plan are generally taken at the greatest points of each given recent (as if the rooms were a perfect rectangle), without regard for any cutousts. Accordingly, the area of the actual norse will typically be smaller than the product obtained by multiplying the stated leight three width. All dimensions are approximate and may vary with actual construction. The rooms lituatrated in the floor plans depicted in this brochuse are not drawn to scale. All floor plans and development plans are subject change. Note that window location will slightly change depending on balcony and floor location. Unit believing adjusted on floor residence.
