RESIDENCES

Its distinct façade depicts astonishing glass-enclosed balconies all around the structure—a sight almost as dazzling as the view of the Canal one can enjoy from the units. With only 7 floors and 57 residences, Kai at Bay is best described as a boutique domicile, worthy of the most exclusive lifestyle.

Staying true to its boutique fashion, Kai at Bay Harbor features innovative architecture and design. It portrays picturesque interiors and invigorating terraces. From a refreshing pool deck and swimming pool to European-style cabinetry, there is always something exquisite to admire, such as the dazzling views to the canal from the units.

Design is the main character of the residences with marble floors and luxurious Jacuzzis in bathrooms. Polished granite countertops and top-of-the-line equipment adorn and set the artistic tone of the kitchens.
